Alternate Colours:

Global Mobility Services

Tricolour scheme of darker shades of RGB that work on a light white background. The three colours will be used in tandom, but sparingly.

#3C72D6 #A4292B #2F6448

Global Mobility Services

Charcoal logo - very versatile and sustainable; we can introduce another accent brand colour in future which need not reflect in the logo but only in the creatives.

#24262A

Global Mobility Services

Accent Brand Colour is orange, but most of the creatives will be neutrals of charcoal and white. Primary buttons can be orange.

#E67400 #24262A

Global Mobility Services

Tricolour scheme in bright orange and blue, complemented by a subtle charcoal-blue. The charcoal will be the neutral colour primary used, and for accents balanced with the brighter tones.
